

A man and a woman are standing in a warehouse filled with spools of wire. The man is on the left, wearing a light-colored button-down shirt with a logo that says "MINNESOTA The Quality Connection" and khaki pants. He has his arms crossed and is smiling. The woman is on the right, wearing a light blue blazer and has her arms crossed, also smiling. The background shows shelves filled with spools of wire in various colors like yellow, blue, purple, red, and green. The lighting is bright and even.

“We’re proud of the business our family has built. Government needs to keep pace with the level of innovation attained by Minnesota businesses, to strengthen the economy. Taxes, fees and regulations dampen the entrepreneurial spirit and hinder our ability to grow jobs and compete.”

- Joan Thompson & Paul Wagner
Minnesota Wire

Help us get Minnesotans working again by supporting pro-jobs candidates.

As an employer, you may feel a little helpless in today's economy.

But there's something you can do.

Thousands of Minnesota business owners are doing everything they can to survive in this economy. They're cutting costs, finding ways to innovate and getting by with less.

But pressures mount on their bottom lines. Expenses have jumped, new regulations are created, and tax increases continue to be proposed.

Labor unions will continue to vigorously oppose spending cuts and support raising "revenue" - which just means more taxes. And more costs on employers will jeopardize jobs.

That's why the **Minnesota Chamber of Commerce's Pro Jobs Majority** is encouraging members to contribute their corporate or personal dollars to ensure that the voice of business is heard across the state in the 2012 local elections.

We can't control the ups and downs of the economy, but we can promote a more business and job-friendly climate in Minnesota. Your contribution will help ensure our voice is heard loud and clear by candidates and voters.

Whether \$50 or \$50,000, please give what you can. To contribute, visit www.MNChamber.com/ProJobsMajority
